Position Statement:

Wolfgang Falke, a "Tea-Party" republican who voted for Donald Trump:

Will President Trump succeed in establishing, in want of jurisdiction, a national police force under the banner of Homeland Security?

Will President Trump succeed in unlawfully, that is lacking an USA Constitutional amendment, destroying Alaska's and all other State's sovereignty by granting a National Citizenship through the Federal Courts and by eliminating the Constitutional Electoral College vote?

An individual granted citizenship by an US Court or Federal Agency may only vote for USA president or vice-president, but may only vote for State offices as each sovereign State permits.

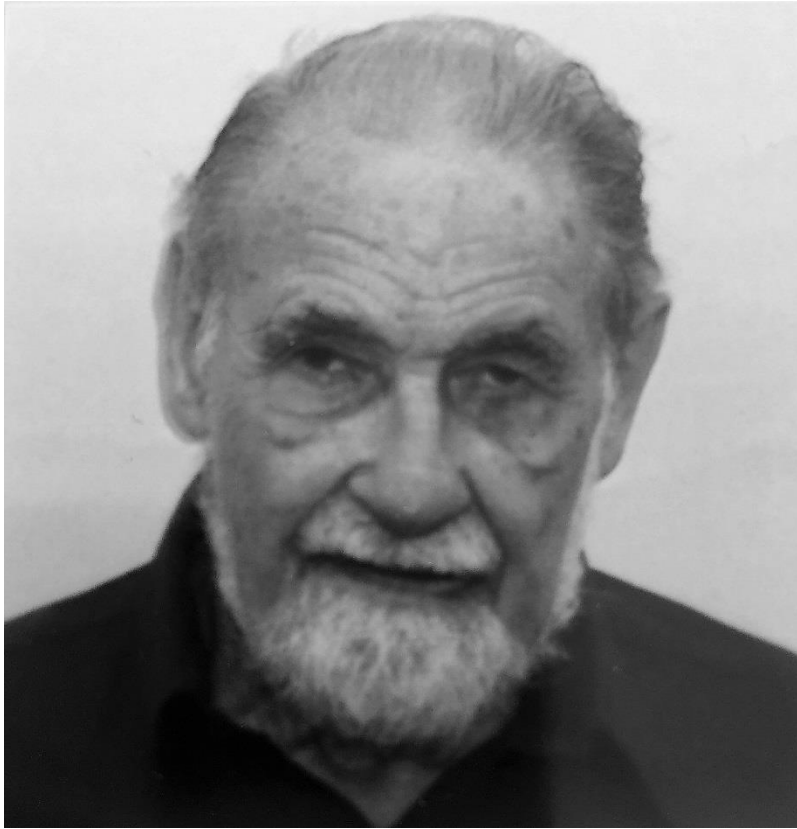

If you elect Wolfgang Falke, he will introduce legislation to protect us from the unlawful usurpation of our State's rights, and he will fight for its passage.

Further. Wolfgang Falke opposes enacting a general payroll tax, or any other income tax, sales tax, etc.; however, to keep more of in Alaska earned income circulation in Alaska's economy, and as an incentive to attract you industrious workers to reside in Alaska permanently, Wolfgang Falke favors a tax to non-Alaskan residents that derive a profitable income in any form from work, employment, contracting, etc. in Alaska.

make Fairbanks and Alaska great again, you must go out and vote; please convince your friends to do likewise
